Mrs. Susan Carlson  
Principal

## MCAS

Once again, it is almost MCAS testing season. The schedule for this year is very tight due to the number of mandated assessments and the strict administration windows. Students in grades three through five will participate in MCAS testing. It is imperative the ALL students participate in MCAS, so please keep the following dates in mind when planning school appointments or vacations. We have tried to schedule testing sessions for the mornings, however, give the amount of testing that must be completed, some sessions will take place in the afternoons. The best way to help your student prepare for the MCAS is to ensure that he or she is rested and eats a hearty breakfast.

### Third Graders:

March 24-April 4	Reading
May 12-May 29	Math

### Fourth Graders:

March 26-April 4	Reading
March 25	Long Composition
May 12-May 29	Math

### Fifth Graders:

March 24-April 4	Reading
May 12-May 29	Math
	History
	Science/Technology/Engineering

We appreciate your support in making sure that all students participate in the Massachusetts Comprehensive Assessment System testing.
