

The Longfellow Children's Center is currently enrolling for its 2008-2009 extended day and after school programs for students in kindergarten through fifth grade. Transportation is included for Sudbury students, and parents may choose a two, three, four or five day program. Kindergarteners may come for the morning, afternoon or all day around their school schedule. Activities include homework help, sports and games, arts and crafts, healthy cooking classes and outdoor play. Sign up for our famous swim and tennis lessons and we'll get your child to and from each activity at the Longfellow Club and the fabulous new "Zip Zone" tennis center designed especially for children! We will help keep your child fit and active every day. For more information and a registration packet please call us at 508-358-0710.

Thank you,

Dick Gellis

Zip Zone Manager
